11th Sept 1913

Dear Mr. Allen,

I have a note this morning from Sir Reg. Pole Carew enclosing a number of letters and testimonials concerning a man Charles Godfrey presently employed at the Phoenix United Mines as an Engine Driver. It appears that Godfrey is on the 14 hours night shift at the Phoenix and wants some lighter employment out of doors. Sir Reginald suggests that there might be something for him to do at Botallack. I have spoken to Merricks but he does not hold out any hope of finding work at Botallack for Godfrey. Failing Botallack

Sir Reginald suggests that there might
be a job for him at South Croft
and he wishes me to ask you.

I am not troubling you with
the papers as the man seems
of good character & trustworthy.

Perhaps you will let me know
if anything can be done
with this man at South Croft.

Yours sincerely
G. Addison Scott
