Dear Sir,

With reference to our conversation on the telephone this morning, I beg to inform you that we cannot possibly take anymore water at the 140 fm level, and as arranged by you with Mr. King some time ago to break through, I now think it better if you did not ~~now~~ do so, as we cannot deal with the water.

I shall be glad to hear from you on the subject.

Yours faithfully,

W Mc Dermott *manager*
