

Retallacks Minerals 5^{ce}
St Hilary

Marazion

20th Nov. 1913

J. Paul Esq
South Crofty Mine
Cauntowne

Dear Sir.

We have some Arsenic poor
to dispose of probably 3 tons,
it should be cleaner than the
last lot you purchased from
us as I have had cement floors
put in here, if you are prepared
to buy it will you kindly let
me know when I could send
it on also let me know the
usual method for conveying
same whether in bags or in
cans with covering over
same.

Yours faithfully
Joseph Stape
