Dear Mr Paull.

Thanks for yours of yesterday offering for our Concentrates
We have approximately 6 tons ready and will dispatch this parcel to you
on Monday. I presume you are unable to take out Halvinna concentrates
still. Tin 22 to 25% and Wo3 8 to 10% Balance principally Iron Pyrites.
We have close on 6 tons for sale.

Our new concentration plant will be ready now very quickly
and we then hope to double the output of Arsenical Concentrates

Kind regards

Yours sincerely
