

Gawton Mines  
Bess Alston  
Devon

Sat. May 11<sup>th</sup> - 1918.

would you be prepared to grant us an option to purchase any quantity we desire at a nominal price per ton of 21 cwt's, after the moisture has been determined and allowed for i.e. 21 cwt's per ton on nett dry material. Say either in place at the dumps or free on rail your nearest station.

Kindly favour us with your earliest convenient reply as we are prepared to carry out exhaustive experiments upon such material provided we may secure a sufficient supply at a nominal price in the event of our experiments proving satisfactory to us.

If you have no such material could you kindly put us into communication with firms who have please?

Kindly send samples if you have a quantity of such material. Thanking you.  
Went, Dear Sir, Yours faithfully F. G. Cloke (FC)
